## Tambour Unit

---

A WELL-DESIGNED  
STURDILY CONSTRUCTED FILING FAVOURITE

## TAMBOUR UNIT

The Cube Tambour Unit is constructed to increase its capacity as well as its flexibility to fit into modern office applications. It has independently sliding doors with an extremely strong, precision welded construction with a smooth powder-coat finish, which is highly scuff-resistant, easy to clean and maintains its colour.

Based on its space-efficient and secure filing design; the Cube Tambour unit gives you enough space you need to store all your files, folders and general items. The cupboards can be securely locked, keeping your confidential files safe.
