# FIBER

## *Full Height*

The Fiber screen system is designed and manufactured to stringent standards using superior quality materials, components and craftsmanship achieved with modern technology and machinery. Fiber ensures that the needs of the customer and expectations always meet while complying with contractual, regulatory and legal requirements in the most cost-effective manner.

### Selected Projects

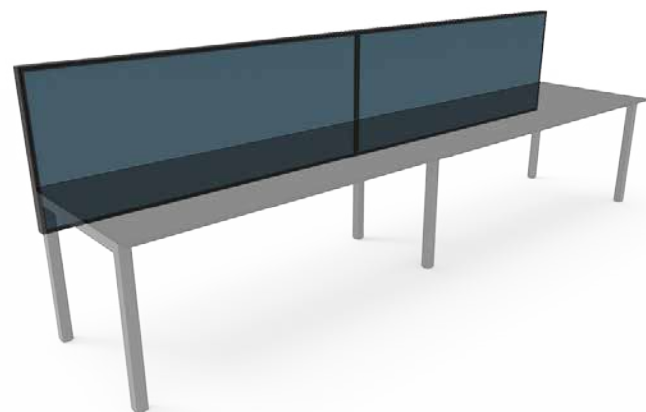

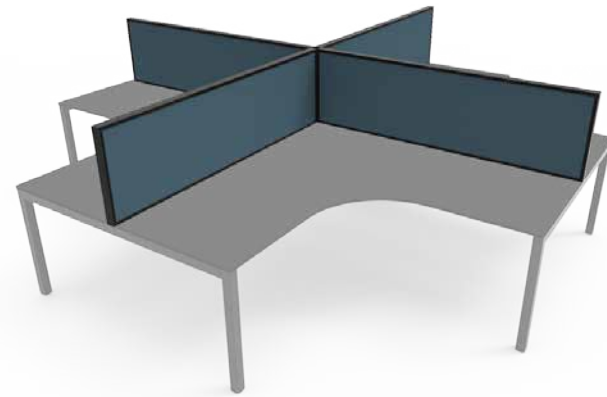

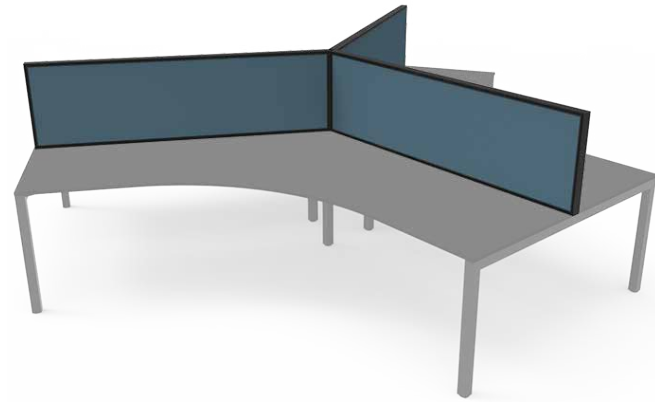

# GRID

## *Desk Hung*

With a variety of configurations and innovative heightadjustable functions, Grid provides exceptional solutions for any workstation.

Grid can be custom made to fit any floor plan and is compatible with our standard furniture range, meaning that you can change your project layout at any time with minimal effort.

We believe people are the most valuable assets any business has, that is why we have designed Grid: a creative workstation system which accommodates any custom requirements and helps create an ergonomic and healthy work place.
